Will Adler's first personal exhibition at the gallery, "Sea Level", presents a dozen exotic photographs that rock us into and out of reality, all with a humorous nod. Whether for his personal work or for brands like Nike, Patagonia or Quiksilver, Adler's images have a distinct and brilliant style that creates a rare intimacy in his field. Capturing the intermediate moments (a dog watching his owner paddling the beach, a seagull sitting on a wall) is the kind of ordinary experiences that Adler shares with us that manages to touch us with his dreamlike style. Known for his photos of the surf world, his diffuse light images reflect the spirit and atmosphere of the place as much as the action of the sport and have earned him a cult following in the circle of surf photography.
